

Letter from a happy 79-year old lady...

Contact information:
Bob & Mila Giddens
407-739-4143 and **Solarbair1@aol.com**

I've been forwarding **Vollara** information to my 17 best people (I will dig more out of my records - that's on my 'To Do' list). I sent an email letting each of them know my love for this company. Several have said *please don't drop me, I am still very interested*. I will continue to feed them until I hear otherwise.

[My late husband] Gordon was the catalyst that made our network grow; and I am so grateful for all he did. It put me where I am today. Although Gordon never knew us by our new name Vollara, I always supported him. I LOVE network marketing and the freedom I have had for 37 years, the income, the health benefits, simply everything. I've had a life few people ever realize (usually only rich people) and we can offer it to everyone and anyone that will just take a few minutes and check us out. I would like to shout it to the world...especially to young mothers who would like to stay home and raise their own children, as I did.

**We can offer it to everyone and anyone
that will just take a few minutes and check us out.**

Fundraiser for kids -
Inform us that you listened
to our call. The youngster who
gave you this letter will receive
a promotional credit.

Thanks to **Vollara's** plan, we can easily use the qualification products (just sign up for Autoship and you have it made). Then get a whole bunch of people that will do the same. Not only will their life change, their health will also. I love the nutritional products and also the **FreshAir Surround**. You know how much this product line changed my life. I talk about the company and the products with everyone. I have been giving the **Re:Vive** samples attached to the flyer; so far no takers, but I will continue to give.

I know this is a numbers game and there are some aspects of the plan I have not figured out yet, especially the "Go Wide" thing (Enrollment Tree). However, I don't have to know it all to build my group, and that is what I am doing. Gordon always worked in depth. He knew the importance of making people feel special. He seemed to have love and desire as a part of his personality. He really loved helping others. I can't do what he did, but I'm sure I can make a difference in some people's lives.

I think the greatest opportunity is that we have a choice; we can sell, we can build our own business or we can simply use these great products. No pressure! I am so impressed with Joe Urso and his complete staff. He is a real Stand Up Guy!!!

I use the **Million Friends System** and promote it to my people. It is a way to introduce others to our company. The **Million Friends Calls** are like the meetings we used to do. We kept inviting and hoped our guests would show. This is easier; instead of asking someone for a whole evening, we ask them to listen from the comfort of their home for less than an hour...and everyone has a computer. Neat! This makes the meetings more special when we offer them!

Two most popular
Conference Call starting times:
every Wed at 10:00 PM Eastern
and every Fri at 9:00 PM Eastern

We ask them to listen from the comfort of their home for less than an hour...and see graphics on their computer.

Conference line: **641-594-7500**; Code **546009#**

Look at this website: **www.chippynews.com/Z.htm**

I'm a little old (79 in July 2010) and a little slow, but I'm here for the long haul. This is my life.

Your friend,
Dorothy

Seven Truths about this handout...

- 1 – Dorothy lives near Waco, TX. Your story could be like hers...or bigger or smaller. You get to choose.
- 2 – **Vollara** products are legitimately good. Natural nutritional supplements, a delicious muscadine antioxidant drink, indoor air purification, alkaline water ionization, LaundryPure, and more. The distributorship is free and your first order is billed at wholesale. A true no risk, no-lose deal.
- 3 – Our career system operates from a free website. On our conference calls you'll hear a full presentation in 35 minutes. If you stay with us for 3 hours on a Wed or Fri, you will hear back-to-back-to-back presentations. Hang up at any time if you don't see value in the content. Revisit the website at any time to check the details.
- 4 – Recommended first year focus: **Ruby** rank. ***The minimum a qualified Ruby will earn is \$1,800 per week (yes, we pay weekly). We teach you how to reach and hold the Ruby rank...and then we help you get there.***
- 5 – The timing couldn't be better. There are 100 million Americans between 5 and 30: in effect, a second Baby Boom. This youth wave guarantees that an economic boom is coming. Don't let TV negativity postpone your chance to benefit from this exciting demographic reality.
