

How will things go if I say yes?

1.
Call for help and ask your questions.

2.
Provide your info: phone, email, etc. Join Online or we will do it for you.

3.
As time permits, attend our Online training. Lesson #1 is 15 minutes.

4.
Spread the word. We will start you off with some flyers.

5.
Listen as often as you want and can. Million Friends calls are offered 7 times each week.

6.
Create a Vollara home. A Fast Start pack offers below wholesale prices. No quota. No hype. No pressure.

Many Options

Some people join for free. Some buy Starter Packs.

Some of us use autoshipments. Some of us don't.

Some people do Quick Start (a way to reach Pay Level 5 within 2 months).

Some people sell. Some don't. See Donna Abels.

Some people join for distributor pricing. See Dr. McDonald.

Some people join for their health. See Elton Tucker.

Some people work very hard. Some hardly work!

Anesthesiologist Tom MacDonald - O.R. doctors are exposed to pathogens that come in with our patients. I've used **FreshAir Surround** for years to keep my home microbiologically safe. Now, with this pack, I added **Re:Plenish** for antioxidant value, **Re:Fuel** for nutritional balance, our immune system stimulant **Re:Sist**, **LivingWater**, and **LaundryPure**. I'm not in Vollara for career reasons. I appreciate having access to these unique products at distributor pricing. I order **Re:Fuel**, **Re:Sist**, **Re:Plenish**, and **Re:Mind** by autoshipment and I'll soon be trying the meal substitute, **Re:Place**. That's why I signed up. This flyer is new. I'll probably print 200 of them and see what happens with my friends. I don't see any down side.

Elton Tucker - I nearly died in my fifties from emphysema. I sat on the couch all day and could hardly walk to the kitchen. One day a friend came in and said I had to try his air purifier. He put it on a chair in my bedroom. That night, as usual, I laid in bed and wondered if I would have to call 911 to help me breathe. That night I slept later than I had in years and I knew I would never let that machine leave my home. I was ready to pay \$2,000! I'm healthy now in my seventies. I drive and function like a normal man. You have no idea what a difference clean, fresh air can make in your life.

Maury/Jo Ann Wilhoite - I just turned seventy and my healthy husband is in his eighties. There are many pieces to the puzzle for good health and vitality. We address the core areas of health through our best-in-class air purification, through **LivingWater**, through our nutrition line and through **LaundryPure**; and we have many positive stories...

Kara, 38, has had Crohn's Disease since the age of 2. All but 8 inches of her colon have been removed. As you might expect, she has to tolerate many horrific problems. Who would think that just alkaline/ionized **LivingWater** could possibly change a life such as hers in such a dramatic way? We have learned that not all water is created equal!

For years we had been nursing Maury's bad gallbladder with products from another company. But in spite of taking brand-X for 12 years, he suffered a gall bladder flare-up almost monthly, which required a gallbladder cleanse. This is not fun! He spent all day on 9/11 at the hospital. We decided to try the **Re:Fuel** (called **Essentials For Life** in those days), which had been on our shelf. We also added **Re:Absorb** with every meal and in 10 years Maury has not had another flare-up. That got us excited about Vollara nutrition. The products we used in the past were not enzyme-based nutrition products. We have a Chelate Activated Enzyme Delivery System that improves absorption. It is always pure joy and a privilege to offer our uncompromising health products to new friends and distributors!

WWW.ChippyNews.com/Ministers.htm [for the heart-warming Donna Abels story]

Is it really possible that I could build a profitable network just by passing 200 copies of this flyer to people I know and run into? Possible, yes. Guaranteed, no. But don't pass up these products.

The cost to join ranges from zero to \$3,000. The Million Friends Support System is free. And a 2-page flyer costs about 20 cents.

This just in. "Thanks for the flyer! We are very committed to Vollara. We can't live on what we get from Social Security."
