1. Use any system you believe in. If you don't have a system, use the Million Friends System—at least 2 presentation sessions per week.
2. Listen to our Audio Training and take notes. We cover Starting Smart, Strategic Planning, Sorting, Spiral Notebooking, the power of Width, Working Smart and Thinking Right.
3. Learn your products through Personal Use and Blueprint Training.
4. Focus on Ruby. The Ruby level requires 5 Strong Legs. If you're really serious, double that number and go for 10. It won't be easy. Building financial security never is.
