

## Marketing Jewels from Million Friends

The point of any marketing effort is to move product. McDonalds and Walmart do it by setting up more stores. We do it by developing a network of leaders.

\$250,000 or \$500,000 incomes are possible because your large network will be generating millions of dollars per year of business for Vollara. Network marketing is a proven system of moving products through large numbers of work-from-home people.

By learning to be a recruiter and leader, you can work from the comfort of your home with very low overhead and branch all across America and eventually to other countries.

Our program addresses the health-wealth equation through great products, an honest money-making opportunity and a system (Million Friends) that will help you achieve whatever success level you are capable of.

Vollara Products are things we use every day... to make our lives healthier, safer and more environmentally friendly. We have unique and meaningful products that offer good profits.

As compared to other products..."I haven't tried every product in the world, but I promise that Vollara products are truly exceptional. Our theme of uncompromising health is upheld through safe, clean, fresh air; the purest ionized, alkaline water; whole food, enzyme-based nutrition; and an environment-friendly way to wash clothes without detergent."

Vollara is a small company with an exciting destiny. Moreover, the U.S. economy is as low as it will ever be in your lifetime...we have nowhere to go but up.

## Career-building Jewels

We seek people who are leaders already or who want to improve their lives by learning the world's highest paying skill: leadership.

Go through the numbers. Your time will come. Recruit the best people you can; quality matters! And disperse your group geographically.

Building a Vollara business is no free ride. To be a big winner you'll have to do some recruiting (the Million Friends System will help you do this). But you can't fail if you'll do these 4 things:

1. Join NOW
2. Use \$37.50 per week worth of products
3. Take other people to the top with you
4. Don't quit, don't stop, don't despair and never give up

Adopt this vision: In 2015 I will be saying...

"It took four well thought out years. I began in 2011 with 4 simple commitments, the right company, ideal timing, a good system, a little confidence and a lot of determination. It was an amazing ride."

Success in any business venture—at least the financial aspects of success—calls for work, sound methods, problem-solving skills, and staying power.

Our plan offers immediate commissions for those who want to sell, big Fast Start bonuses for those who want to recruit and wholesale prices to people who only want to buy for themselves. It encourages longevity by offering payouts to infinite depth.

I went through the Ten Stages with Million Friends. I wasn't sure if it would work, and for quite a few weeks I made almost zero progress. I know some of you can relate. I stuck with it and finally things started to change. My belief level got stronger and so did my effectiveness.

Then 1 person agreed to try the program. A couple of weeks later I got another one. Within 2 months, 5 people in my group were working their way through these stages. I'll tell you the truth. Three out of those first 5 didn't stay the course. But by the time they dropped out I had more. The system was actually working.

A year has passed and I'm right on the verge of qualifying as a Ruby. I've had 2 nice Gold GMI checks. Then I made Platinum but not Platinum GMI yet because I need 3 cycles. By the time I reach Platinum GMI I'll be actually be close to Ruby. Let me tell you, this is incredibly exciting. If I keep this up for 1 or 2 more years I can max out the Ruby position and I'll maybe be a Double Diamond. Wow!

I want to tell you where I would have been had I not worked this program. I've tried network marketing a couple of times and like many of you I swore I would never try it again. I have a job and so does my spouse. They are good jobs but nothing that will make us rich. Because of our jobs, it was not easy to make time for Vollara and Million Friends. But something told me to give it a solid chance. We liked the products and it seemed logical that Vollara would eventually grow into a big company. And we could tell that Million Friends was altogether different from other systems we had tried. So that's why we decided to do it. And what a great decision that was!

You never know when your next Major Leg Leader will be found or from what source.

The 3 determining factors

1. Total group size
2. Number of solid legs
3. Left/Right balance

**You are the Leader of your group**

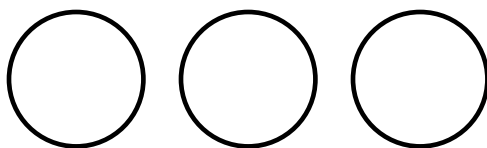

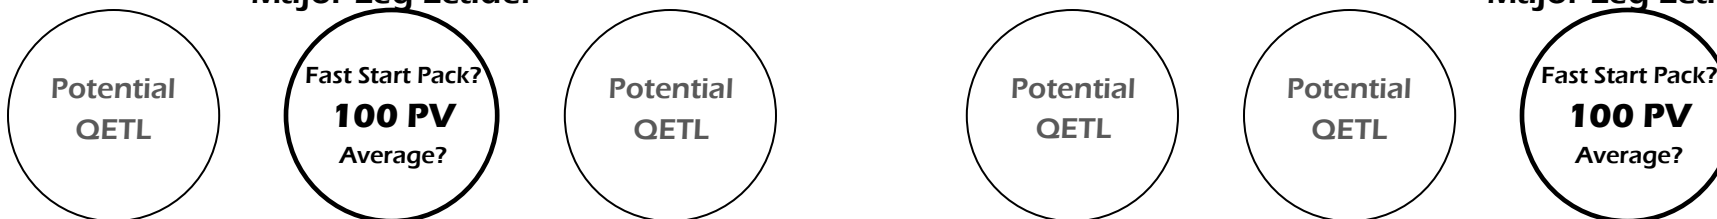

Everything you do matters. Were you a Fast Start Pack buyer? Are you a strong product advocate and a strong believer in Vollara's future? Are you able to give a good presentation? Do you have written Goals? Are you a hard worker and a good people person? Are you active with the Million Friends program?

We estimate that 500 people will build Ruby groups or higher in the next 10 years. Why shouldn't you be 1 of them?

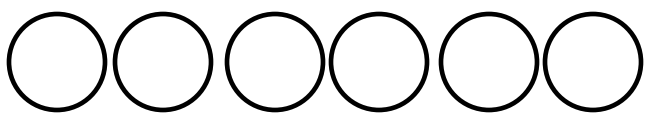

You must take other people with you. Network Marketing cannot be done alone.

**Major Leg Leader**

**Major Leg Leader**

This is a classic network model. 6 legs wide—all working. Each one gets 3. Then each of those gets 2. Everyone does 100 PV. 60 distributors = 6,000 GV for you.

Now make it bigger! Your distributors—especially the leaders—will be influenced by YOUR LEADERSHIP (read in the oval at top).

As it stands, this is a \$300-\$400 per month group (enough to pay for your own wonderful products). It also represents a foundation upon which something much bigger can be developed

**By building 6 legs of LEADERS UNDER LEADERS UNDER LEADERS you can reach to Silver (\$1,000+ per cycle), Gold (\$2,000+ and a car), Platinum (\$4,000+ and a car), Emerald (\$8,000+ and a car), Ruby and Diamond. One leg on the LEFT of your Placement Group and 1 on the RIGHT should be super legs. The others must hold their own as 4,000 GV Qualified Enrollment Tree Legs. This makes \$40,000 income per cycle (\$520,000 per year) possible. Higher ranks require additional width.**

Finding good people and getting good legs started are hard, hard, hard. But look what the payoff is when you finally have 6 solid legs. This is that rare once-in-a-lifetime situations that deserves your full attention and commitment.

If you decide this could never happen for you, you'll certainly be right. But what if you decide it can happen? What if you make this your goal and really put your back to the task? We have 120 million households in North America. Maybe half of them are too rich, too poor or too something else to be good candidates. That leaves 60 million legitimate candidates who need to hear our story. We can't promise it will be easy but we can certify that it's possible. We can also promise that the Million Friends system will always be here to support you.
